

**ZIP YOUR CODE**

Every Business Needs A Website. Fast, easy, no start-up costs and \$20 per month. Why Not?

The time has come for every small business to have a great website. Your customers are searching for you. Here is what's included:

- We create, host and maintain your business website
- We purchase and maintain your domain name for you. (i.e. [www.yourbusinessname.com](http://www.yourbusinessname.com))
- We integrate a blog to help you communicate with customers and a map to help them find you
- We submit your business listing to Google and Yahoo Local to help increase traffic

The top reasons small businesses do not have a website is because of difficulty and cost. Zip Your Code will give your business a great website without a great investment of time or money from you!
